COUGHS, CROUP AND CONSUMPTION USE TAYLOR'S CHOCOLATE REMEDY

The greatest foe of American people is consumption; its victims number many thousands each year. Physicians and druggists have at last found a remedy which they feel justified in recommending. This is Dr. Taylor's Chocolate Remedy, which cures consumption in stages that other remedies are of no benefit. It cures coughs, colds and throat and lung diseases rapidly and safely, price 50 cents and \$1.

NO COMFORT FROM FORAKER.

A fugitive State Senator seeks an Assurance and Gets None.

COLUMBUS, May 8.—Governor Foraker Friday afternoon received the following telegram from Senator Dodd:

"Columbus, May 7, 1886.—Governor J. B. Foraker: I recognize the state of the public revenue to be such that some legislation in the line of your official suggestions is imperatively demanded. We feel that as conditions precedent to our presence in the senate some guarantee must be made that our senate rules will be observed. With that assured, the cooperation of at least enough to make a quorum, and I believe the entire Democratic membership can be had."

(Signed) "E. F. DODD."

To this telegram Governor Foraker sent the following reply:

COLUMBUS, Ohio, May 7, 1886.—Hon. E. F. Dodd, Senator: I am glad you recognize the imperative necessity, as you properly term it, of some legislation to relieve the financial condition of the state. This necessity is not only imperative, but it is immediate.

The general appropriation bill is not yet a law, and can not become such until signed by the officers of the senate in the presence of a quorum, as the constitution provides. The deficiency bill has not yet passed, and the total amount to the credit of the general revenue fund is today \$20,000,000.

Unless a quorum can be secured in the senate to pass the bill, authorizing the loan to meet casual deficiencies, the state will go to protest before the end of next week. I answer you with this detail that you and your associates may not lack full information as to the consequences of continuing absence, and in the belief that you will not assume the responsibility of persisting in such a course. So far as a guarantee of terms as to the president of the senate, I can not speak, and would not if I could, except only to suggest that there are certainly better and more legitimate means for such a result than to seek to obstruct the legislative and all other departments of the government by obstructing your seats and fleeing from the senate.

(Signed) J. B. FORAKER.

The Republican senators met Friday at 11 a. m. After a consultation between Senator-At-Large Nagley and Lieutenant Governor Kennedy, the president, in the presence of the senators, delivered a message to the attendance of the absentees, most of whom are in Kentucky. Assistant Surgeon-General Addison left on the 10:30 p. m. train for Cincinnati to serve with the army.

THE TURK IS EXCITED NOW.

Fully Prepared and Ready to Fight—Greek Troops in Motion.

LONDON, May 8.—A high Turkish functionary made the following statement Friday night: Turkey is ready to fight. The Greek troops are in motion. The Turkish army is ready to fight. The Greek troops are in motion.

The entire force of 30,000 men is concentrated at the frontier. The Greek troops are in motion. The Turkish army is ready to fight. The Greek troops are in motion.

Telegrams from Constantinople Friday represent the Turkish capital as in a dangerously excited state. The Porte is said to be fully prepared for any warlike contingency. The Greek troops are in motion. The Turkish army is ready to fight. The Greek troops are in motion.

It has been decided by the ladies of the Congregational church that their entertainment will be given at Leppin's hall on the evening of Monday, May 10th, instead of Tuesday, the 11th. This is to accommodate those who wish to attend the Choral Union concert at Rockford.

Captain Norcross has had a force of carpenters at work since the fire yesterday noon repairing the dynamo building of the electric light company, and a new belt was received by express last evening. Everything will be in readiness to run the dynamo this evening.

The customers of J. A. Denniston had a chance to-day to get strawberries that seemed like the home grown varieties. The fruit was fresh and firm and with a background of bananas, pineapples, oranges and other tropical fruit form a very attractive picture.

The county treasurer's office is very quiet now, the monopoly only occasionally broken by some one who comes in to pay his taxes. These late comers have ten days more to attend to business, and at the end of that time their property will go under the hammer.

Charles Dutton & Son have opened an office in the Phoenix block, West Milwaukee street, second floor, where they will continue the general insurance business, representing some of the soundest life, fire and accident companies. They are now prepared to receive company in their new office.

The confidence that the officers reposed in young Moran was evidently misplaced. He was released yesterday, and promised that in future he would let Miss Flynn severely alone; but within an hour he had again succumbed to her charms and the two were walking toward the young man's home, while the officers were wondering what would come next.

The first number of the Milton Jones News, published at Milton Junction, this county, by F. R. Morris & Co., is received at this office. It is a seven column folio, very neatly printed, and contains all the local news of the Junction as well as of the "old town", besides a good quantity of late miscellaneous news and reading matter. The publishers say they are in the field to stay. We welcome the News.

Nellie Moran, the defendant in the Whitewater murder trial last year, has commenced suit at Fort Atkinson, against F. W. Richardson, for \$5,000 damages. The charge is breach of promise. Young Richardson was engaged to the girl at the time of her arrest and hired a lawyer to defend her during the trial; but he now says that she could hardly expect him to marry any one suspected of being a murderer.

The Oshkosh Rifles have been held in readiness for two or three days, anticipating orders to proceed to Milwaukee. While drilling at the armory yesterday the Oshkosh people were free with donations, especially advice for the boys to follow should they go into action at Milwaukee. One enterprising citizen offered to donate two loads of sand in ones they received an order to go to the Cream City. The job was appreciated by the company.

At the closing service of the convocation Thursday evening, Trinity church had a congregation that filled every seat. The bishop and seven clerics occupied the chancel. The surprise choir was out in full force and never sang better. The bishop preached. The Rev. Dr. Conover presented a class of seventeen persons whom the bishop confirmed; one had been confirmed in private during the afternoon and one other was unable to be present.

Captain M. H. Doty, formerly a resident of this city, and late proprietor of the United States house at Edgerton, has rented the Young house in Broadhead, and takes possession of the same. Mr. Doty is a gentleman with a large acquaintance in Rock county, and has had considerable experience in the hotel business. That he will make a success as proprietor of the Young house his intimate friends do not question.

Yesterday afternoon while at work on a building on the west side, Mr. Alfred Dorey met with an accident by the edge of which it is feared he will lose the sight of his right eye. He was driving a nail, which he struck in such a manner that the nail flew back, striking Mr. Dorey in the eye, inflicting a terrible and painful wound. He went to Chicago on the morning train to consult a specialist in the hope of saving the eye.

The funeral of Ella Sheffield, whose death was noticed in yesterday's Gazette, took place at St. Patrick's church at nine o'clock this morning, the pastor, Rev. Father McGinnity, conducting the services. The remains were followed to the Catholic cemetery by a number of the friends of the family, and tenderly consigned to the grave, the pall-bearers being: Messrs. John Laskowski, Michael Oatillon, Martin

Whelan, Ted. O'Brien, Emmett Haley and John Heagney.

For three months past Charlie Hill's name has not been seen on the docket of the municipal court and it was hoped that he had reformed. He has been at work in Beloit and has kept very straight; but Thursday night he hired a livery rig and drove up here, where he fell in with a number of his old companions. Before ten o'clock he was too drunk to walk straight and Marshal Hogan took him in charge. When Charlie woke up yesterday and found himself in jail he begged hard to be released, and promised to straighten up and go back to Beloit immediately. The doors were opened to him and he started off, but last night the marshal found him again, this time so drunk that he couldn't walk at all. When he sobers up he will be taken before Judge Patton.

Captain Alex. Buchholz has just completed a commodious bath house at his steamboat dock on North Main street, and now has everything in readiness to accommodate the public. The house is anchored in the current of the river, thus insuring clean water at all times, besides it is provided with all the conveniences for the accommodation of his patrons. Captain Buchholz contemplates reserving the bath house one day in the week for the ladies—probably Tuesday. This institution will be largely patronized during the summer season. Captain Buchholz has also repaired and refitted the steamboat Enterprise, and on May 15th the excursion season will be opened. The boat is now ready to accommodate fishing, picnic or excursion parties bound up the river. For further particulars call on the captain at the dock, North Main street.

C. B. Withington has returned from Chicago, where he was during the recent riots, and tells of many interesting experiences. He was at McCormick's works when the shooting occurred there, and says that the bravery shown by the police was remarkable. The first detachment that came on the ground was composed of only fourteen officers, but without losing any time work was commenced. Forming in open order the little squad of blue coats charged the mob, cutting their way through as through the furious Poles and Bohemians were only children. Back and forth they went, until reaching a point where they could not be surrounded they halted and returned the fire of the crowd. Mr. Withington says that he cannot see how some of the officers escaped being killed, as clubs and stones were flying from every direction and the revolver firing was kept up constantly.

Brotherhood Independent: "Rev. Father McGinnity, of Janesville, lectured in Broughton's hall last Friday evening to a very large and attentive audience. His lecture was a vivid and powerful portrayal of the evils of intemperance, and his aim was to retard crime and especially the deplorable crime of drunkenness. As the first and most prevalent cause of this crime, he mentioned the saloon and grog shops; also the oppression which leads men to drown their sorrows in strong drink; wars, revolutions and civil feuds; the conduct of many who are regarded as respectable men; and national tastes and habits, all these things have their influence. The reverend speaker characterized drunkenness as a sin against nature, changing men into tigers or monkeys, a sin against religion and society, and a sin against God. We have not space to give even a synopsis of this most excellent lecture. We can only add that we wish every citizen in our community, and especially every young man, might hear Father McGinnity speak upon temperance."

OUR CITY SCHOOLS.

Committees Appointed for the Ensuing Year.

Night Schools Discussed—The Superintendent's Monthly Report.

Other Highlights.

At the regular meeting of the Board of Education last evening President Miner was in the chair. Commissioners St. John, Holloway and Bowles were absent when the roll was called, but afterwards came in and took their seats.

The minutes of the last meeting were read and approved.

President Miner announced that the standing committee for the ensuing year would be:

FINANCE—Commissioners Valentine, St. John, and Holloway.

TEXT BOOKS—Commissioners Bowles, Wilson and Valentine.

TEACHERS—Commissioners Bowles, St. John and Judd.

BUILDINGS—Commissioners St. John Judd and Wilson.

YARRING—Commissioners Holloway, Valentine and Bowles.

Clerk Judd reported a leakage in the roof of the first ward building and said that it had been ordered repaired; but said that the whole roof was in need of rethatching. There was also trouble with the overflow from the drain pipes at that building. At the third ward building the sidewalks on the east side were in bad shape. At the fourth ward building all of the walks are in poor condition and should be replaced, as should those at the central building. The report was received and referred to the building committee.

A number of bills were read and referred to the finance committee.

The applications of Annie E. Jones, of McGregor, Iowa, and A. W. Skank, of Nelson, Idaho territory, for positions as teachers were read. While these were being discussed it was decided, on motion of Commissioner Wilson, to have all such applications filed with the clerk until a time when the board should see fit to consider them.

The finance committee reported favorably upon the bills referred and on motion the report was received and accepted and the clerk instructed to draw orders for the several amounts.

Superintendent Keyes read the following report, which was received and placed on file:

To the Board of Education:

GENTLEMEN:—With to-day's work the third week of the spring term closed. The attendance has been very fair for a spring term, having averaged 1,280 pupils. The pupils are well distributed since carrying into effect the changes authorized at the last session of this board. At present there are but eight schools in the morning session, 30, and but twelve besides the high school, over 40; three fall below 25, and three rise above 50.

As the time for promotion draws near, especially in the high school, seems to make a record of the work of the year, so that the prospects for transfer of large classes is more favorable than at any previous time during the year. Teachers feel now that all pupils who have been reasonably regular in attendance, will soon be equipped to make a good record in the year's work.

During the past month the teachers' meetings have been held in sections as follows: The primary teachers met the first Friday evening of the month; the intermediate teachers the second Friday; the fourth and third grammar teachers the third Thursday; the first and second grammar and high school teachers the third Friday. The first of Saturday the general meeting for all grades will be held at the Central Building. In the section meeting, the work is done for the particular grade interested. The general meeting is devoted to the reading of circulars and general business.

I desire to call your attention to what seems to me an extremely wise suggestion, in the late annual message of His Honor, Mayor Wm. W. Wynn, to the common council. He urges the necessity of providing the means of giving training to the youth of our city who are at work during the hours in which our schools are regularly in session. Night schools would give to all whom circumstances now exclude the opportunity for acquiring, at least, the rudiments of a good English education, the equipment so absolutely necessary for good citizenship. Every manufacturing city, senator or later, must take this means to the elevation of its people. Of the 400,000 of our age in the city, 100,000 are under 20,000 are annually enrolled in all our schools, both public and private. The economic principles which justify and stamp as wise the American system of free schools, and which teach that something should be done to place similar opportunities before the other 200,000. In this day of strikes and labor troubles, particularly should we be keen to work for the conservation of the inhabitants so dear to all of us, and which require a systematic and any say of the work of the public schools of the land, their product is never found in the ranks of the riotous strikers, the anarchists or the communists. I would suggest, therefore, that this board, in making its contribution to the common council of the amount of money needed for school purposes for the ensuing year, include \$500 to be devoted to sustaining night schools.

The charts ordered at the last meeting, we duly received and distributed among the various schools, where they are now serving their excellent purpose. I transmitted a check for \$500 in settlement for the same, and submit herewith the letter of acknowledgment by Messrs. Appleton & Co.

It is the purpose of the board to submit to the council a public report of the work of the past year immediately at its close, as is the practice in most cities. I would suggest the advisability of naming a committee to take charge of the work now.

In conclusion I desire to say that I have my report upon nomination of teachers for the ensuing year, ready, if it be the pleasure of the board to entertain the same.

Respectfully submitted,

O. H. KIRBY,
City Supt.

In speaking of the report Commissioner St. John said that the objection to night schools was their tendency to keep children out of the day schools. The boys and girls would soon be working during the day and going to school nights. He was in favor of a law making attendance at school compulsory. Commissioner Valentine suggested that there was such a law and that it was enforced. This commissioner was liable to a heavy fine. At this discussion, suddenly dropped down. The matter of an annual report was then brought up and it was suggested that the work should be left to a committee. Commissioner Bowles remarked that he thought the magnificent salary of the clerk should be a proper compensation for such work.

On motion of Commissioner Valentine the clerk was instructed to make out an estimate of the amount required to conduct the schools during the ensuing year and to submit the estimate to the board. The clerk was also instructed, on motion of Commissioner Wilson, to consult with dealers in stationery and ascertain upon what terms they would furnish the board with stationery during the ensuing year.

CHURCH DIRECTORY.

Giving the Time and Place Where Divine Services Will Be Held on Sunday.

Hear me when I call, O God of my righteousness; thou hast enlarged me when I was in distress; have mercy upon me, and hear my prayers. O ye sons of men, how long will ye turn my glory into shame? how long will ye love vanity and seek after leasing? Selah. But know that the Lord hath set apart him that is godly for himself; the Lord will hear when I call unto him. Stand ye up and sin not; commune with your own heart upon your bed, and be still. Selah. Offer the sacrifices of righteousness, and put your trust in the Lord. There may be many that say, who will show us any good? Lord, lift thou up the light of thy countenance upon us. Thou hast put gladness in my heart, more than in the time that their evil and their wine increased. I will both lay me down in peace and sleep; for thou, Lord, only makest me sleep in safety.

CIRCUIT COURT.

The trial of Martin Corcoran still in progress.

The case of the state against Martin Corcoran still goes on in the circuit court. This morning the prosecution rested and the testimony for the defense was begun. Corcoran has claimed all along that he knew nothing whatever about the matter, and the plan of the defense has been, so far, to prove that he was not at the scene of the affray when the assault was made.

The next case is that of Wyman against Drake, both parties being from Clinton, and the defendant being the clerk of that town. There is no hope of its being reached before next week and the parties, who were here this morning, have returned to their homes.

An End to Home Suffering.

Edward Shepherd, of Harrisburg, Pa., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I have had a running sore on my leg for eight years, my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes of Dr. Williams' Pink Pills, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Dr. Williams' Pink Pills at 25 cents per box by F. S. Turner & Co.

The Weather.

At seven o'clock this morning the thermometer indicated 39 degrees above zero clear with south wind. At one o'clock p. m. the register was 78 degrees above zero. Cloudy with south east wind. For the corresponding hours one year ago the register was 35 and 49 degrees above zero.
